A SURREAL VIRTUAL JOURNEY OF LEARNING

Common Minimum Program reveals every dimension of creativity of small students of primary section. During this pandemic Covid-19 students learnt online on Whats App and Google Meet platforms. Parents extended their full cooperation during virtual teaching learning process.

Besides scholastic, students participated in co-scholastic subject equally. Music, Sports, Art and Computer were quite familiar and favourite to students.

All important days and CCA were conducted on virtual mode where students participated under the guidance of their teachers and parents.

I would like to appreciate endeavours of my primary teachers and parents of students, who guided small kids of primary section aptly during pandemic Covid-19. I would like to thank our dignitaries at KVS RO Bhopal and principal sir for their worthy guidance provided to us.
